

Dear Residents of Windermere –

Due to unforeseen circumstances with data integrity, we have inadvertently delivered duplicate containers to many homes in the Windermere HOA. We are working diligently to recover these containers over the next few days and appreciate your patience as we work thru this municipal conversion.

Please know that it is our desire to rectify this as quickly as possible with our subcontractor and apologize for any inconvenience caused. Please leave your extra carts at the curb for collection.

Thank you so much for your patronage over the years!
